## 1. Overview

### 1.1 Overview of the Actors

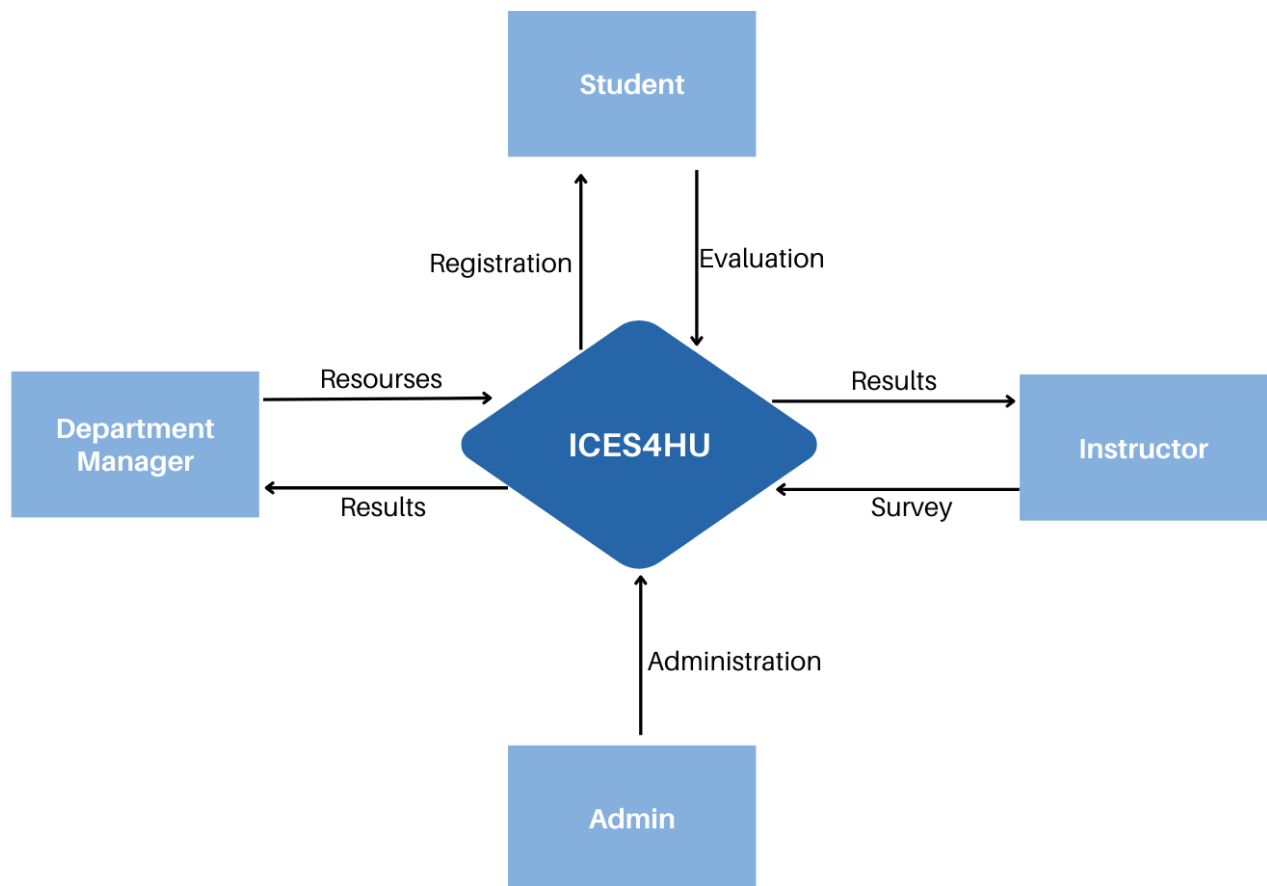

The website can be used by 4 different types of users:

- **Admin:** The admin controls the website and does the most basic tasks to be done before the survey period starts.
- **Student:** Students are the users who will fill out the surveys.
- **Instructor:** Instructors prepare the survey and benefit from their results.
- **Department Manager:** The department manager manages instructors and the related courses.

## 2. Tabular Descriptions

### Use Case: Login

Use Case Number:	1		
Use Case Code:	UC-1		
Use Case Name:	Login		
Depicter:	Şura Nur Ertürkmen	Last Modificatory:	Ayça Akyol
Description Date:	02.04.2023	Last Modification Date:	08.04.2023

Actor(s):	Admin, Student, Instructor, Department Manager
Short Definition:	The actor enters the survey system for further functionality
Pre-condition:	Student and department manager enrollment requests need to be approved by the admin. The instructor needs to be added by the admin.
Post-condition:	The actors can do whatever they want, limited to their own privilege.
Priority:	Must have
Frequency of Occurrence:	Frequently
Main Path:	<ol style="list-style-type: none"> <li>1. The system shall display a login screen</li> <li>2. The actor shall type their email and password</li> <li>3. The system shall authenticate the user</li> </ol>
Alternative Path:	<p>A.2.1 If the actors forget their password, they can click the forget password button and the admin sends an e-mail to their email address.</p> <p>A3.1 If the username and password don't match in the database, the system produces an error message.</p>
Containing Use-Case(s)	
Special Requirements:	The system should check whether the user is registered in the database or not.
Assumptions:	
Note:	

**Use Case: Assign Account Types**

Use Case Number:	2		
Use Case Code:	UC-2		
Use Case Name:	Assign account types		
Depicter:	Ayça Akyol	Last Modificatory:	Ayça Akyol
Description Date:	30.03.2023	Last Modification Date:	05.04.2023

Actor(s):	Admin
Short Definition:	Admin assigns account types as student, instructor, and department head
Pre-condition:	Instructors must be added to the system, and students and department heads must enroll.
Post-condition:	Every type of user has a role.
Priority:	Must have
Frequency of Occurrence:	Only once for each user.
Main Path:	1. Admin chooses one of three options as user type
Alternative Path:	
Containing Use-Case(s)	
Special Requirements:	
Assumptions:	
Note:	

**Use Case: Add Course**

Use Case Number:	3		
Use Case Code:	UC-3		
Use Case Name:	Add a course		
Depicter:	Şura Nur Ertürkmen	Last Modificatory:	Şura Nur Ertürkmen
Description Date:	02.04.2023	Last Modification Date:	02.04.2023

Actor(s):	Admin
Short Definition:	The actor defines a course for the system.
Pre-condition:	The course to be opened must exist in the related department.
Post-condition:	The course added by the actor has been created in the system
Priority:	Must have
Frequency of Occurrence:	Rarely
Main Path:	<ol style="list-style-type: none"> <li>1. The actor adds a course from the manage courses section.</li> <li>2. The actor enters the information of the courses (course code, course name, credit, course type (mandatory or elective)) to be added by the actor.</li> <li>3. The new course appears in the manage-courses section.</li> </ol>
Alternative Path:	A.2.1 If the actor does not enter the information in their format, she/he will encounter an error message.
Containing Use-Case(s)	
Special Requirements:	The system should save it to the database after the course is added.
Assumptions:	
Note:	

**Use Case: Delete Course**

Use Case Number:	4		
Use Case Code:	UC-4		
Use Case Name:	Delete a course		
Depicter:	Şura Nur Ertürkmen	Last Modificatory:	Şura Nur Ertürkmen
Description Date:	02.04.2023	Last Modification Date:	02.04.2023

Actor(s):	Admin
Short Definition:	The actor deletes the defined course from the system
Pre-condition:	There must be a previously created course to be deleted from the system.
Post-condition:	The deleted course disappears from the system.
Priority:	Not important
Frequency of Occurrence:	Rarely
Main Path:	<ol style="list-style-type: none"> <li>1. The actor will go to the manage courses section.</li> <li>2. The actor will press the delete button next to an existing course.</li> <li>3. The course is deleted from the system and the manage-courses section.</li> </ol>
Alternative Path:	<p>A.2.1 The actor, if an instructor has been assigned to the course, 'Are you sure about deleting the course?' encounters the question.</p> <p>A.2.2 If the actor approves this message, the course is deleted from the system.</p>
Containing Use-Case(s)	include UC-3
Special Requirements:	The system should delete it from the database after the course is deleted.
Assumptions:	
Note:	

**Use Case: Delete Question**

Use Case Number:	5		
Use Case Code:	UC-5		
Use Case Name:	Delete a question		
Depicter:	Selahattin Can Ölçer	Last Modificatory:	Selahattin Can Ölçer
Description Date:	05.04.2023	Last Modification Date:	06.04.2023

Actor(s):	Admin
Short Definition:	Admin delete the question whose context is not appropriate.
Pre-condition:	There must be a previously created question to be deleted from the system.
Post-condition:	The evaluation form no longer contains the deleted question.
Priority:	Not important
Frequency of Occurrence:	Rarely
Main Path:	<ol style="list-style-type: none"> <li>1. Admin selects the "Manage Evaluation Forms" option.</li> <li>2. Admin selects the evaluation form.</li> <li>3. Admin locates the question to be deleted.</li> <li>4. Admin selects the "Delete" option for the question.</li> <li>5. System deletes the question from the evaluation form.</li> </ol>
Alternative Path:	<p>A.4.1. System asks the question “Are you sure”</p> <p>A.4.2. Admin confirms the deletion.</p> <p>A.4.3. System deletes the question.</p>
Containing Use-Case(s)	
Special Requirements:	
Assumptions:	
Note:	

**Use Case: Approve/Reject Enrollment Request**

Use Case Number:	6		
Use Case Code:	UC-6		
Use Case Name:	Approve/Reject enrollment request		
Depicter:	Şura Nur Ertürkmen	Last Modificatory:	Şura Nur Ertürkmen
Description Date:	02.04.2023	Last Modification Date:	02.04.2023

Actor(s):	Admin
Short Definition:	The actor accepts the request sent by the student and the department manager while enrolling in the system.
Pre-condition:	Students and department managers have to send enrollment requests.
Post-condition:	The student and department manager have a verified account in the system
Priority:	Must have
Frequency of Occurrence:	Occasionally
Main Path:	<ol style="list-style-type: none"> <li>1. The actor goes to the enrollment requests page.</li> <li>2. The enrollment requests appear as lists of user information and roles.</li> <li>3. The actor responds to the enrollment request via the Approved and Rejected buttons.</li> </ol>
Alternative Path:	
Containing Use-Case(s)	extends UC-9
Special Requirements:	After confirmation, users' records should appear in the system.
Assumptions:	
Note:	

**Use Case: Delete Students/Academicians**

Use Case Number:	7		
Use Case Code:	UC-7		
Use Case Name:	Delete students and academicians		
Depicter:	Selahattin Can Ölçer	Last Modificatory:	Selahattin Can Ölçer
Description Date:	06.04.2023	Last Modification Date:	06.04.2023

Actor(s):	Admin
Short Definition:	Delete the students dismissed from the university and academicians who resigned their department.
Pre-condition:	There are dismissed students and/or resigned academicians in the system.
Post-condition:	The dismissed student or resigned academician has been deleted from the system.
Priority:	Not important
Frequency of Occurrence:	Occasionally
Main Path:	<ol style="list-style-type: none"> <li>1. Admin selects the "Manage Members" option.</li> <li>2. Admin selects the "Dismissed Students" or "Resigned Academicians" option.</li> <li>3. Admin locates the dismissed student or resigned academician to be deleted.</li> <li>4. Admin selects the "Delete" option for the dismissed student or resigned academician.</li> <li>5. System deletes the dismissed student or resigned academician from the system.</li> </ol>
Alternative Path:	A.4.1. System asks the question “Are you sure” A.4.2 Admin confirms or cancels the option deletion.
Containing Use-Case(s)	
Special Requirements:	The system must have the ability to notify the dismissed student or resigned academician that they have been deleted from the system.
Assumptions:	
Note:	

**Use Case: Add Instructors**

Use Case Number:	8		
Use Case Code:	UC-8		
Use Case Name:	Add Instructors		
Depicter:	Şura Nur Ertürkmen	Last Modificatory:	Şura Nur Ertürkmen
Description Date:	02.04.2023	Last Modification Date:	02.04.2023

Actor(s):	Admin
Short Definition:	The actor manually registers the instructor to the system with the instructor information he/she has.
Pre-condition:	The actor must have instructor information.
Post-condition:	In the system, there is an instructor whose information is entered.
Priority:	Must have
Frequency of Occurrence:	Occasionally
Main Path:	<ol style="list-style-type: none"> <li>1. The actor clicks the add button on the main page and then goes to add the instructor page.</li> <li>2. The actor fills in the information of the instructor and sends them an email including their username and password.</li> </ol>
Alternative Path:	
Containing Use-Case(s)	
Special Requirements:	The system should successfully save the instructors to the database
Assumptions:	
Note:	

**Use Case: Register - Send Enrollment Request**

Use Case Number:	9		
Use Case Code:	UC-9		
Use Case Name:	Register and send enrollment request		
Depicter:	Ayça Akyol	Last Modificatory:	
Description Date:	30.03.2023	Last Modification Date:	05.04.2023

Actor(s):	Student, department manager
Short Definition:	Students and department managers have to send enrollment requests and admin approves
Pre-condition:	
Post-condition:	Enrolled users can view/edit their profiles.
Priority:	Must have
Frequency of Occurrence:	Occasionally
Main Path:	<ol style="list-style-type: none"> <li>1. User fills the register page with necessary information.</li> <li>2. User clicks the register button.</li> <li>3. User sends the enrollment request.</li> <li>4. Enrollment request is sent to the admin.</li> </ol>
Alternative Path:	
Containing Use-Case(s)	<i>Include UC-1</i>
Special Requirements:	
Assumptions:	
Note:	

**Use Case: Enroll to Courses**

Use Case Number:	10		
Use Case Code:	UC-10		
Use Case Name:	Enroll to courses		
Depicter:	Ayşe İrem Yalçın	Last Modificatory:	Ayşe İrem Yalçın
Description Date:	02.04.2023	Last Modification Date:	02.04.2023

Actor(s):	Student
Short Definition:	Students can enroll in Courses.
Pre-condition:	Before the student enrolls in the course, the admin must allow the student to register in the system.
Post-condition:	Students can fill out the course's survey.
Priority:	Must have
Frequency of Occurrence:	Frequently
Main Path:	<ol style="list-style-type: none"> <li>1. The system contains a list of courses</li> <li>2. The student will search for the course using the course code in list</li> <li>3. If it is on the list, it will enroll in the course.</li> </ol>
Alternative Path:	A.2.1 If the course is not in the list, a request is sent to the department management to add a course.
Containing Use-Case(s)	UC-3
Special Requirements:	Enroll the courses once both the semester starts and the department manager assigns an instructor to the course.
Assumptions:	
Note:	

**Use Case: Change Personal Information**

Use Case Number:	11		
Use Case Code:	UC-11		
Use Case Name:	Change Personal Information		
Depicter:	Zübeyde Civelek	Last Modificatory:	
Description Date:	06.04.2023	Last Modification Date:	

Actor(s):	Student, Instructor, Department Head
Short Definition:	This use case allows actors to change their personal information such as name, password, picture.
Pre-condition:	Actors must be logged into their accounts.
Post-condition:	The personal information of the actor is updated in the system.
Priority:	Should have
Frequency of Occurrence:	Rarely
Main Path:	<ol style="list-style-type: none"> <li>1. Actor navigates to the "Personal Information" section of their profile.</li> <li>2. Actor selects the information they want to update.</li> <li>3. Actor updates the information.</li> <li>4. Actor saves the changes.</li> <li>5. System confirms the changes have been saved.</li> </ol>
Alternative Path:	
Containing Use-Case(s)	UC-1
Special Requirements:	System should validate the format of the updated information.
Assumptions:	Actors have the necessary information to update their personal information.
Note:	

**Use Case: Manage and Send Survey**

Use Case Number:	12		
Use Case Code:	UC-12		
Use Case Name:	Manage and Send Survey		
Depicter:	Zübeyde Civelek	Last Modificatory:	Ayça Akyol
Description Date:	06.04.2023	Last Modification Date:	08.04.2023

Actor(s):	Student
Short Definition:	This use case describes the process for managing and sending surveys to students. The surveys can be filled out, changed, and sent by students.
Pre-condition:	The student is logged into their account and the student has access to the survey feature.
Post-condition:	The survey responses are saved and submitted.
Priority:	Should have
Frequency of Occurrence:	Occasionally
Main Path:	<ol style="list-style-type: none"> <li>1. Student logs in to the system.</li> <li>2. Student sees a reminder to complete the course evaluation.</li> <li>3. Student clicks "Go to Evaluation" or "Do it Later."</li> <li>4. Student completes the evaluation.</li> <li>5. Student clicks "Save All and Submit."</li> <li>6. Student receives a confirmation message and a certificate of completion.</li> </ol>
Alternative Path:	A.2. If the student clicks saves the survey twice and the survey has not been completed, the system will display a message indicating that the survey must be completed next time.
Containing Use-Case(s)	UC-1
Special Requirements:	The system must remind the student to complete the survey every time they log in until the survey is completed.
Assumptions:	The student has access to a computer or device with internet connectivity.
Note:	

**Use Case: View Evaluation Results**

Use Case Number:	13		
Use Case Code:	UC-13		
Use Case Name:	View evaluation results		
Depicter:	Ayça Akyol	Last Modificatory:	Ayşe İrem Yalçın
Description Date:	30.03.2023	Last Modification Date:	05.04.2023

Actor(s):	Student, instructor
Short Definition:	After the term is finalized instructors and students will see the results.
Pre-condition:	<ol style="list-style-type: none"> <li>1. Grades must be announced and the term must end.</li> <li>2. Students must fill the surveys.</li> </ol>
Post-condition:	<ol style="list-style-type: none"> <li>1. Every user will be able to see the results.</li> <li>2. Instructors will be able to make adjustments for the course.</li> </ol>
Priority:	Must have
Frequency of Occurrence:	Once in a while
Main Path:	<ol style="list-style-type: none"> <li>1. Survey filling period ends.</li> <li>2. All the answers from the students are calculated.</li> <li>3. Answers are shown statistically.</li> </ol>
Alternative Path:	A2.1. Students can also answer individually, these are shown separately.
Containing Use-Case(s)	Include UC-12
Special Requirements:	Students' names are hidden.
Assumptions:	
Note:	

**Use Case: Create/Manage Survey**

Use Case Number:	14		
Use Case Code:	UC-14		
Use Case Name:	Create and Manage Survey		
Depicter:	Zübeyde Civelek	Last Modificatory:	Ayça Akyol
Description Date:	06.04.2023	Last Modification Date:	08.04.2023

Actor(s):	Instructor
Short Definition:	This use case involves the instructor's ability to create, update, save, and view surveys for their course.
Pre-condition:	The instructor is logged into the system and has a course.
Post-condition:	Survey is created, updated, saved, or viewed.
Priority:	Must Have
Frequency of Occurrence:	Occasionally
Main Path:	<ol style="list-style-type: none"> <li>1. Instructor selects the option to create a new survey.</li> <li>2. Instructor enters the survey details, including the description, and questions.</li> <li>3. Instructor saves the survey or submits it for review.</li> <li>4. If the survey is saved, the instructor can come back and edit it later.</li> <li>5. If the survey is submitted for review, it will be sent to the department head for approval.</li> <li>6. If the survey is published and available for students to take.</li> </ol>
Alternative Path:	<p>A.1 If the instructor selects the "Delete Survey" option, the system presents a confirmation dialog box.</p> <p>A.2 Instructor confirms the deletion.</p> <p>A.3 System removes the survey from the list of existing surveys for the course.</p>
Containing Use-Case(s)	UC-1
Special Requirements:	The survey system should be user-friendly and allow for easy creation and editing of surveys.
Assumptions:	The instructor is familiar with the survey creation process and has access to the necessary survey tools.
Note:	

**Use Case: Send Re-evaluation Request**

Use Case Number:	15		
Use Case Code:	UC-15		
Use Case Name:	Send Requests for Re-evaluation		
Depicter:	Zübeyde Civelek	Last Modificatory:	Ayşe İrem Yalçın
Description Date:	06.04.2023	Last Modification Date:	08.04.2023

Actor(s):	Instructor, Department Manager
Short Definition:	Instructor sends a request to the department head for re-evaluation of a student's performance in a course.
Pre-condition:	Instructor is logged into the system and the instructor has access to the course evaluation results.
Post-condition:	The request for re-evaluation is sent to the Department Head.
Priority:	Should Have
Frequency of Occurrence:	Rarely
Main Path:	<ol style="list-style-type: none"> <li>1. Instructor navigates to the course evaluation results</li> <li>2. Instructor thinks there is inconsistency and unfairness in the survey results.</li> <li>3. Instructor submits the request.</li> <li>4. System sends the request to the Department Head for approval.</li> <li>5. Department Manager reviews the request.</li> <li>6. Department Manager approves the request and re-sent the survey for re-evaluation.</li> </ol>
Alternative Path:	A.1. Instructor submits the request. A.2. System sends the request to the Department Manager for approval. A.3. Department Manager reviews the request. A.4. Department Manager denies the request.
Containing Use-Case(s)	UC-1 UC-13 UC-17
Special Requirements:	The system should notify the Instructor and the Department Head of any updates to the status of the request.
Assumptions:	The Instructor and the Department Head are authorized to access the course evaluation results.
Note:	

**Use Case: Assign Instructors to Courses**

Use Case Number:	16		
Use Case Code:	UC-16		
Use Case Name:	Assign Instructors to Courses		
Depicter:	Ayşe İrem Yalçın	Last Modificatory:	Ayşe İrem Yalçın
Description Date:	02.04.2023	Last Modification Date:	02.04.2023

Actor(s):	Department Manager
Short Definition:	Department Manager can assign instructors to specific courses.
Pre-condition:	User must be enrolled in the system and log in to the system by entering his/her login id and password.
Post-condition:	User can evaluate and share survey results
Priority:	Must have
Frequency of Occurrence:	Frequently
Main Path:	<ol style="list-style-type: none"> <li>1. There is a list of courses belonging to the Department that the Manager can manage.</li> <li>2. The user finds the course they want to add an instructor from the list with the course code.</li> <li>3. The user selects one of the instructors registered in the database by using the add instructor button.</li> </ol>
Alternative Path:	
Containing Use-Case(s)	UC-8
Special Requirements:	After the administrator has defined course information and started the semester, s/he can assign instructors to a specific course(s).
Assumptions:	We assume that the course and the instructor exist in the database
Note:	

**Use Case: View responses/ re-evaluation requests**

Use Case Number:	17		
Use Case Code:	UC-17		
Use Case Name:	View responses and re-evaluation		
Depicter:	Ayça Akyol	Last Modificatory:	Şura Nur Ertürkmen
Description Date:	30.03.2023	Last Modification Date:	05.04.2023

Actor(s):	Department manager
Short Definition:	All responses can be viewed and the department manager can decide if there's a need for re-evaluation.
Pre-condition:	1. Grades must be announced and terms must end.
Post-condition:	1. Department manager can observe the course's situation. 2. If the department manager decides the survey must be re-evaluated, the survey is re-sent to the students.
Priority:	Should have
Frequency of Occurrence:	Once in a while
Main Path:	1. Survey filling period ends. 2. All the answers are calculated. 3. Results are shown statistically.
Alternative Path:	A2.1 Students can also answer individually, these are shown separately.
Containing Use-Case(s)	
Special Requirements:	Student names are <b>not</b> hidden.
Assumptions:	
Note:	

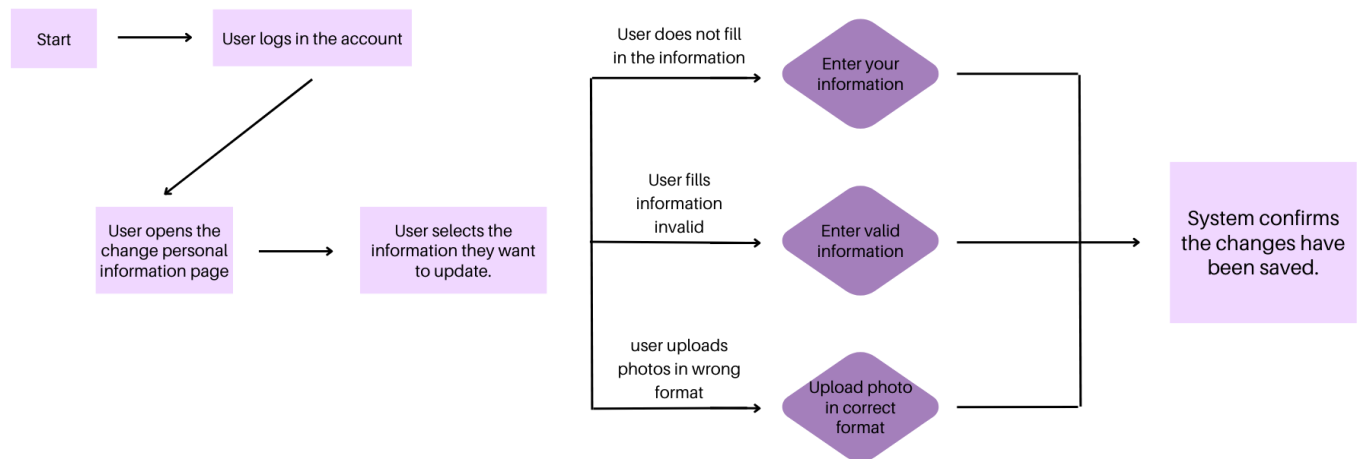

**Use Case: Share Survey Results with Instructors**

Use Case Number:	18		
Use Case Code:	UC-18		
Use Case Name:	Share surveys results with instructors		
Depicter:	Ayşe İrem Yalçın	Last Modificatory:	Ayşe İrem Yalçın
Description Date:	02.04.2023	Last Modification Date:	02.04.2023

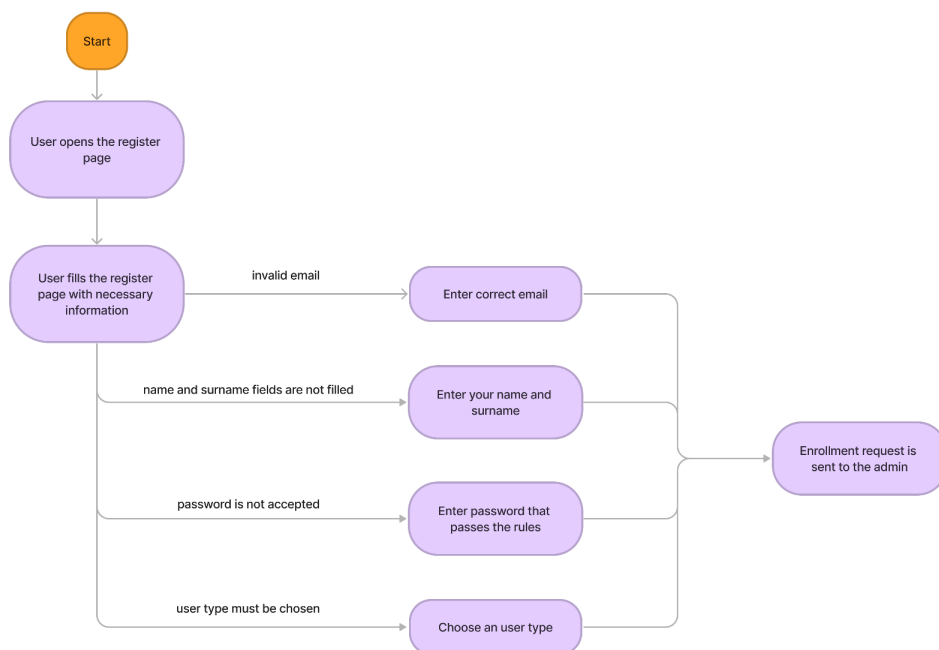

Actor(s):	Department Manager
Short Definition:	The Department Manager can share assessment-related results with all instructors.
Pre-condition:	In order for the surveys to be shared, the survey filling deadline must come.
Post-condition:	If there is a request for re-evaluation from the instructors, the surveys are re-evaluated.
Priority:	Must have
Frequency of Occurrence:	After the surveys
Main Path:	<ol style="list-style-type: none"> <li>1. The department manager reviews the surveys on the survey results page.</li> <li>2. Clicking on the “Share Results All” button sends the survey results to all instructors via email.</li> </ol>
Alternative Path:	
Containing Use-Case(s)	UC-13 UC-14
Special Requirements:	Share assessment-related results with all instructors by sending e-mail by clicking only one “Share Results All” button.
Assumptions:	We assume that the e-mails of the instructors are registered and accessible in the system.
Note:

## 6. Distributions of tasks

**Use Case Diagram:** Use case diagram made by team member Zübeyde Civelek.

**Context Diagram:** Context diagram made by team member Zübeyde Civelek

**Use Cases:** Use cases were determined as common. It was divided among the whole team to make their tabular definitions. Lastly, use case definitions were checked by the whole team.

**Activity Diagrams:** Each team member drew the activity diagram of any use case they wrote.

<u>Change Personal Information UC-11</u>	-> Zübeyde Civelek
<u>Register / Send Enrollment Request UC-9</u>	-> Ayça Akyol
<u>Login UC-1</u>	-> Şura Nur Ertürkmen
<u>Delete Question UC-5</u>	-> Selahattin Can Ölçer
<u>Enroll Courses UC-10</u>	-> Ayşe İrem Yalçın

**Traceability Table:** Traceability Table made by team members Ayça Akyol and Şura Nur Ertürkmen.
